GEO VERTICAL, THE STONE COMFORT ZONE

Geo is a warm rock, completely out of granulated natural stone. It radiates smooth warmth in a particularly agreeable way. The Geo is available in a range of different stone colours, which combine perfectly with all natural materials. Available in a high gloss polished or matt version. The combination of the classic design with mineral material makes this heating element unique.

OUTPUT

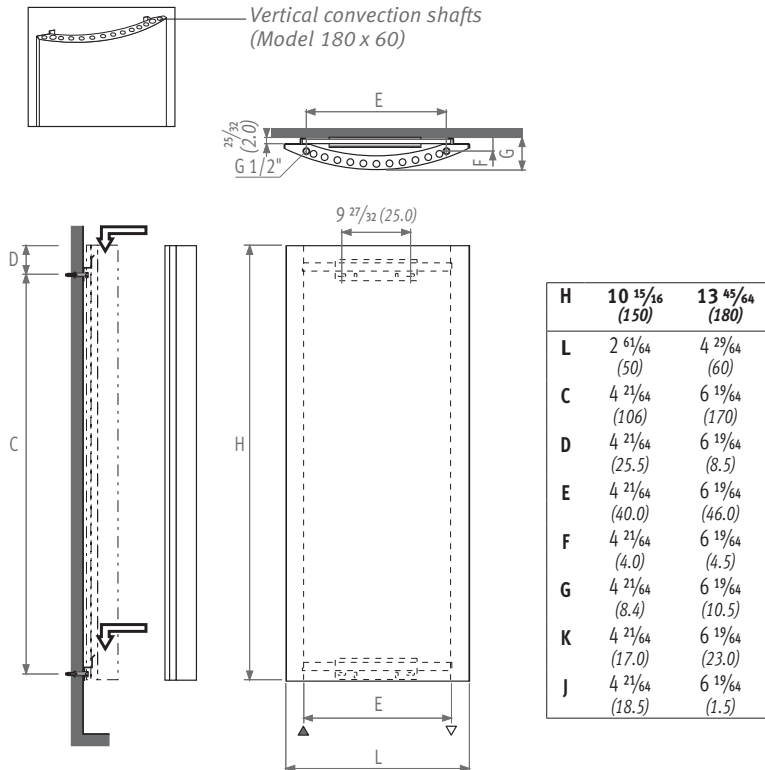

code	height	length	color	conn.
ORDER CODE: GEVW.	150	050	XXX	/18

mean T °F (°C)	L 19.5" H (050)	23.5" (060)
